Product /UX Designer with a Bachelor of Design and 4+ **years** of experience in B2B SaaS, specializing in **UX design**, **conceptual design**, **wire-framing**, and **prototyping**.

Skilled in **user research**, **design systems**, and **WCAG accessibility**, with a strong focus on creating intuitive, scalable, and user-centric products. **Detail-oriented** and driven, seeking to contribute to a growth-focused organisation where I can add meaningful value and play a key role in product success.

Rugged Monitoring MAY 2026 - PRESENT

UX DESIGNER

- Translate requirements (**PRDs, user stories)** into intuitive UX flows
- Create low-to-high fidelity wireframes and complete end-to-end user journeys
- Design detailed, **developer-ready Figma screens** using components, auto-layout, and design systems
- Structure Figma files so they can be easily consumed by AI coding tools and developers
- Collaborate closely with PMs and Engineering teams to reduce **design-to-code gaps**
- Use AI tools to accelerate design exploration, validation, and iteration

ThreeColts SEPT 2024 - MAY 2026

DESIGNER - DESIGN (UI/UX)

CEDCOSS Technologies OCT 2022 - SEPT 2024

PRODUCT DESIGNER APR 2024 - SEPT 2024

- Contributed to the in-house **Ounce Design System**, creating and documenting reusable components, variants, interaction states, and responsive behaviours.
- Developed clean, scalable **UI components in Figma** and ensured consistency across **web** and **mobile** platforms.
- Collaborated closely with **design system developers** to align component specs with technical feasibility and ensure accurate implementation.
- Created intuitive **wireframes**, **prototypes**, and **user flows** for web and Android applications using Figma.
- Designed responsive, **user-centric interfaces** aligned with brand guidelines and accessibility standards (WCAG).
- Partnered with **Developers**, **QA**, **BA**, and **PMs** to refine requirements and deliver polished product experiences.
- Contributed to **UI/UX improvements** and redesigns for integration apps and sales channel products.
- Produced **low-fidelity** concepts to support early ideation and fast-paced product decisions.

JUNIOR PRODUCT DESIGNER APR 2023 - APR 2024

- Assisted senior designers in creating new features and improving existing product experiences through wireframes, prototypes, and UI refinements.
- Supported UI/UX redesigns of existing applications and collaborated with Developers, QA, BA, and PMs for smooth execution.
- Contributed to enhancing user journeys and ensuring design consistency across platforms.

PRODUCT DESIGNER TRAINEE OCT 2022 - MAR 2023

- Assisted the design team with low-fidelity wireframes, user flows, and basic UI layouts in Figma.
- Supported component updates, documentation tasks, and early-stage design explorations.
- Learned and applied core UI/UX principles while contributing to iterative improvements across web and mobile projects.
